

What is the current value of my Violet Parkhurst original painting?
What amount should I insure it for?
What if I lost the original paperwork that came with my painting?
How can I preserve or enhance the value of my painting?

The Parkhurst Certified Appraisal program is designed to specifically address these commonly asked questions.

Whether you recently purchased your original Parkhurst painting, or have enjoyed it for years, each Appraisal, issued, dated and certified by Parkhurst Galleries, Inc. is custom tailored for your piece. The Parkhurst Certified Appraisal provides more than just the approximate market value for your artwork¹. In appraising your piece we consider: condition of the work, subject matter and composition, rarity, period of creation, current market demand, provenance and numerous other factors influencing the value of your piece.

The final appraisal includes a: 1) certification of ownership, 2) condition report, 3) description of your piece including date of creation, dimensions and medium, 4) appraisal process and methodology and 5) approximate market value based on over 19 criteria. The Parkhurst Certified Appraisal document replaces lost Certificates of Authenticity and is also designed to fulfill requirements for most major insurance companies.

Included with each Appraisal is a **Complementary Inspection** of your painting by our trained curators (requires physical inspection of your piece at Parkhurst Galleries), covering how you can improve or preserve the value and condition of your Parkhurst original painting.

To begin the appraisal process for your Violet Parkhurst original artwork:

1. Fill out the attached application and include any comments on the history and condition of the artwork. A separate application is required for each painting being appraised.
2. Photograph your painting, preferably outdoors in natural sunlight. Please provide clear photographs (digital or film) of the following. Note photographs will not be returned.
